JOB PURPOSE

The primary focus of this role is to introduce the Production and Technical Arts students to the skills required and roles within a Theatre, or related industry, Lighting Department. The role requires the individual to give class to the students as well as supporting them in their delivery of practical show roles.

DUTIES AND RESPONSIBILITIES

- To provide lectures and/or teaching in small groups of students
- To discuss, with the Head of Lighting, the broad content of the teaching to be undertaken and the methodologies for/purposes of that teaching.
- To prepare for the teaching sequence by drawing together relevant knowledge from their research/professional experience and undertaking any necessary scholarship to cover the range of teaching input required.
- To prepare for each teaching session by selecting and preparing the content, deciding upon any exercises/materials to be used and planning their approach to the session.
- To ensure that content, methods of delivery and learning materials will meet the defined learning objectives for their sessions.
- To contribute to the quality of the Drama School by contributing on the basis of their research/professional knowledge.
- To help students absorb knowledge, build upon it and help them to overcome any problems they encounter in understanding and applying knowledge.
- To promote depth of learning by providing clarification of material taught, responding to student questions, facilitating discussion in classes, providing any supplementary explanation/material required and introducing them to new issues raised in recent research and/or current professional

practice.

- To provide individual academic advice/support to students, including advice on appropriate reading and recent developments
 - To provide formative feedback to students in class.
 - Where required, to set assessment tasks, mark formally assessed work (subject to moderation by the Head of Lighting) and act as a principal marker for any assessment tasks they have set.
 - To undertake organisational and administrative tasks directly related to your own teaching.
 - To review the outcome of your teaching and contribute feedback to the review and forward planning.
 - To maintain academic and/or professional standards and work in accordance with LAMDA policies
 - The supervision of all electrical work and student teams assigned to the Lighting Department on all LAMDA productions and to ensure that such productions run to schedule and to budget in liaison with the Head of Lighting and Head of Production Management.
 - To maintain connections within the industry and support the students in the organisation of professional work placements.
-
- Ensuring the adherence to relevant Health and Safety guidelines on all electrical work carried out by students at LAMDA.
 - Overseeing the preparation, rig and focus, technical and dress rehearsals and performances in LAMDA's theatres or other performance spaces in the UK and overseas.
 - To prepare and deliver Lighting classes to PTASS students, in liaison with the Head of Lighting and Course Leader of Production and Technical Arts - Stage and Screen (PTASS)
 - To maintain a custom and Practice within the Lighting Department that remains up to date with the Industry.
 - To deliver tutorials to the students within the Lighting Department and draw up written assessments of the students at the end of each Module in conjunction with the Head of Lighting
 - To carry out any other teaching duties deemed necessary as a member of the teaching staff of the PTASS course, and generally supervising all student work in the capacity of a Trainer.
 - Provide supervision for students in individual undergraduate research projects
-
- To teach on the Lighting Summer School if required.
 - To supervise, as required, lighting work that takes place in the LAMDA's theatres outside of term time.
 - To liaise with external companies and co-ordinate lighting requirements for private hires.
 - To liaise with Drama School regarding sound equipment requirements for internal events
-
- Departmental tutor to all students within the Lighting Department.
 - Caring for the personal and professional wellbeing of LAMDA students.
 - Safety and maintenance (where reasonable) of the electrical installations and equipment in LAMDA's theatres.
 - Ordering electrical equipment as needed for the Lighting Department or for productions in liaison with the head of Lighting and/or Head of Production & Technical Training.
 - First Aid (training will be given), and a good knowledge of current Health & Safety Regulations.

- Ensuring the security of all PTASS Departments.
- To promote the PTASS course through workshops, trade shows and other external events.
- To attend all meetings as requested by Head of Technical Training.
- Any other duties as specified from time to time by the Head of Production & Technical Training
- To undertake the Fellowship programme of the Higher Education Academy
- To be prepared to make a contribution in at least two of the following four themes to underpin changing practice at LAMDA:
 - Access and Inclusion - widening access and inclusion within the school and outside. Engagement through recruitment, audition squad, access summer school and exams. Anti-Racist and Inclusive Teaching practice and pedagogy. Commitment and experience of facilitating modern ensemble - co-creation, facilitation of safe spaces, zero-tolerance and conflict resolution - to foster collaboration and creativity.
 - Development of Individual Health, Wellbeing and Resilience building - a holistic approach to training the individual to empower and build confidence and practice for the professional world - journaling, mindfulness, mental wellness, personal coaching, life plans, leadership development and mentoring.
 - Development of multi skilled Artists and Creative Technicians for a sustainable creative skills sector with relevant experience and practice in making sustainable theatre, content production and promotion across all platforms, creative access and inclusion, creating and delivering socially engaged work for a wide range of audiences and stakeholders.
 - Digital - supporting the digitisation of LAMDA in teaching, learning, research, knowledge exchange, technical theatre, screen and audio and other platforms.
- -
