## **Configuration Assistant Tool (CAT)**

This guide explains how to connect to the eduroam Wi-Fi service for LAMDA staff and students using the CAT tool. Please note:

- You will need your LAMDA user ID (email) and password
- Make sure you are in a location where the eduroam wireless network is available

Please be advised, LAMDA are not responsible for any content downloaded from third party sites. Installing files from third party sites on to personal machines/devices is entirely at the owner's risk.

Instructions:

1. Go to the eduroam Configuration Assistant Tool website

- 2. Click the Click here to download your eduroam installer link.
- 3. Select LAMDA

	CAT V	was recently upgraded to version	2.1.3. Please report any issues to the m	ailing list cat-users@lists.geant.org
