Geteduroam App Install

This guide explains how to connect to the eduroam Wi-Fi service for LAMDA staff and students who want to the geteduroam app. Please note:

- Any devices over 5 years old may not connect and will not be supported.
- Make sure you are in a location where the eduroam wireless network is available.
- 1. Install the <u>geteduroam</u> app by clicking here or going to your device's app store. The app is available for Windows, iOS, Android and Windows devices.

- 2. Select install and once the app has installed, click Open
- 3. In the Select an institution search box type and choose LAMDA and then select Next

Q lamda	
LAMDA UK	

4. Enter your LAMDA username and password and select 'Log in'.

Login required		
Please enter your username an password.	d	
Username eduroamtest@lamda.ac.uk		
Password	Ø	
Cancel Log in		

- 5. Once you are logged in, you should see **Wi-FI configured** and a pop-up message asking if you want to **Save this network**, select **Save**. You can then close the geteduroam app, and if you wish to you can delete it from your device.
- 6. Your device should now be connected to eduroam. You can check this by navigating to your network settings > Wi-Fi.
